

## Early Learning Coalition of Flagler & Volusia 2015-2016 Annual Report

**Mission Statement:** Enhance children's school readiness by providing opportunities for quality early learning while strengthening family stability for a healthy community.

### **Evaluation of Direct Enhancement Services**

#### **Comprehensive Consumer Education:**

Describe how the Coalition coordinated resource and referral programs specifically related to the provision of comprehensive consumer education to parents and the public regarding participation in the school readiness program and parental choice?

Helping families in our community find quality child care is crucial to improving outcomes for both parents and children. ELCFV provided the community with multiple opportunities to learn about early child development and choosing quality child care.

We constantly strived to improve processes. We collaborated with multiple partner agencies often in our community to streamline the intake process for customers we share. For example, services families have in common with us include Career Source, Department of Children and Families, Community Based Care and Project Warm. Coordinating services allowed us to communicate with customers through partner agencies in a more effective and efficient manner.

ELCFV continued to form and strengthen partnerships within the community. Not only did we attend multiple functions throughout the year to offer consumer education and school readiness program information we visited multiple partner sites and trained staff in the program options available for families. When the opportunity arose, we visited sites and provided information to families directly such as homeless and domestic shelters.

#### **Family Handouts and Quality Resources**

ELCFV highlighted different monthly resource topics in our lobbies and provided take away and targeted information items for the current month's topic. Some topics were Child Abuse Prevention, Summer Safety and Early Literacy Awareness. We also focused on topic specific quality initiatives with families each quarter. This included providing materials and/or handouts about quality care and what parents should look for in their child's early learning program. Examples included the expectations for appropriate block play: assisted in educating customers on block play including appropriate types and number of blocks and suitable materials used to enhance block play. These types of hands-on activities were effective tools for our families.

This year we focused on building specialized Resource and Referral packets specific to customer needs to include but not limited to relocation, single parenting, special needs and domestic abuse.

ELCFV's lobbies are set up to model quality components that would be available at a quality child care provider. Parents receive scavenger hunts to take to child care providers to become more familiar with what is or is not available in their child's learning environment.

ELCFV produced a series of Choosing Quality Childcare videos as well as parent and provider testimonials and a VPK commercial. All videos are intended to broaden our reach within the community. These videos will help show the

community what Quality Childcare looks like, how we can help strengthen our community and support families and providers and are made available to families in our lobby, on our website and on Facebook.

### **ELCFV Staff Interactions**

Using a Trauma Informed Care approach, ELCFV staff had personal resource meetings with customers where together they discussed family needs, reviewed quality child care information, discussed differing types of child care, and licensing standards required to be maintained by providers. Customers were able to create a portfolio that assisted in selecting a child care provider that best met the child's needs. This portfolio contained a quality checklist, allowing customers to compare different child care providers they visited, scavenger hunt activities to offer an interactive way to help them identify appropriate learning environments along with other resources and materials. Resources provided are specific to the customer current needs and future goals. Community resources were also offered to customers to meet their family's specific needs. Strengthening Families concepts are woven into each interview.

#### *Community Events and Meetings*

ELCFV staff attended hundreds of community meetings. Most notable, these experiences included Chamber of Commerce events, Kiwanis, Young Professional Groups and Rotary meetings, United Way affairs, legislative visits and other community happenings to spread the message about the importance of quality early learning throughout our community.

#### *Classroom Set-Up in Lobby*

ELCFV lobby space was designed to represent various learning stations appropriate for a childcare provider setting. Each display was equipped with a take away of additional materials. The materials explained the benefit each center offered in the early learning environment, allowing customers to experience firsthand an example of a space showing the best quality environment that meets a child's needs. Some examples included a Block Play area, Dramatic Play area and Art area.

#### *ELCFV's Website*

The ELCFV website contains a wealth of parent-specific information, links, and resources. The website is updated bi-weekly, at minimum, so that all information for families, providers and the community is up-to-date and timely. Our scroll bar on the home page will display events that are happening in the coalition and community and other need to know information. The family portal, which allows families to apply for services online, is available on the home screen with a single click. Provider updates and news are available weekly on the News and Updates page. Providers can also find commonly used forms and a link to the provider portal.

#### *ELCFV's Facebook Page*

The ELCFV maintains a Facebook page and posts new information each business day. Posts include information about recalled child care products, upcoming community events for families, information about child development and more. This method helps to keep families and child care providers informed about opportunities to participate in activities that support quality early learning.

#### *ELCFV's Pinterest Page*

The ELCFV maintains a Pinterest page and pins new ideas each week. The ideas found on the page can be used by parents and providers as new and exciting learning opportunities. Ideas are pinned onto different boards by topic including, holidays, interest days, special needs and literacy. An Events and a Video board have been added to highlight ELCFV's activities and videos featuring quality child care tips and VPK program ads.

#### *ELCFV's LinkedIn Page*

ELCFV's LinkedIn page is updated on a weekly basis with information that is pertinent to the business community. Updates include things such as highlighting of board members, upcoming fundraisers and job opportunities.

*Flyer Distribution*

ELCFV shares educational and informative flyers with parents, providers, agency partners and the community. Flyers include topics like child development, parenting tips and upcoming events or learning opportunities. We also include opportunities for children to enroll in special programs such as the Dolly Parton Imagination Library that is available in limited locations in our service area and access to Help Me Grow resources.

**Provider Financial Supports:**

Provided a list of grants, awards, or bonuses offered to school readiness program providers to assist them in meeting applicable state requirements for child care performance standards, implementing developmentally appropriate curricula and related classroom resources that support curricula, providing literacy supports, and providing professional development. Included the qualifying criteria to receive financial supports and related monitoring activities to verify appropriate use of support.

*Gold Seal Payments*

The ELCFV paid Gold Seal rates to 25 providers who had earned Gold Seal designation through the Florida Department of Children and Families. ELCFV paid up to a maximum Gold Seal differential allowed, 20% over the regular reimbursement rate.

*Performance Funding Project*

21 School Readiness providers in the ELCFV service area were selected to participate in the Performance Funding Project. Of the twenty-one, 4 opted out and 3 became inactive during the course of the project. While the number of providers completing the project increased less than 1%, the number of classrooms for 2015 – 2016 was significantly higher.

The 14 providers that successfully completed the project included 62 classrooms. 76% (47 of the 62) of those classrooms earned a bonus based on CLASS Assessment scores. Of those 47, 94% (44 of the 47) demonstrated growth in two or more domains and earned the highest possible bonus.

\$417,047 was earned by participating providers in Flagler and Volusia Counties, 30% above 2015 – 2016 earnings.

**Training and Technical Assistance:**

Provided a list and description of the trainings and/or technical assistance activities the coalition offered to school readiness program providers, staff, and parents in the following areas:

During the 2015 – 2016 program year ELCFV focused on training and technical assistance that supported provider participation in the Performance Funding Project.

- Making the Most of Classroom Interactions (MMCI) training- Four sections of this 20-hour training were held to meet the needs of instructors and providers participating in the Performance Funding Project. Training began in October and was completed in May. 76 instructors representing 12 providers participated in this training.
- Technical Assistance Visits to Tier 2 Providers - TA visits to participating Tier 2 classrooms were completed. The goal of these TA visits was to improve teacher child interactions as defined by the CLASS dimensions.
- Early Learning Florida Training for Tier 2 Providers – 18 Tier 2 instructors demonstrated mastery in the following trainings:

**OEL – 202.80 EARLY LEARNING COALITION ANNUAL REPORT**

---

- Infant Toddler Social Emotional Development – 7 instructors from 4 programs
  - Preschool Observation – 11 instructors from 4 programs
  - Infant Toddler Learning Environments– 7 instructors from 4 programs
  - Instructional Support in Preschool: Quality of Feedback - 11 instructors from 4 programs
- Communities of Practice – ELCFV staff facilitated four Communities of Practice, each of which met three times, to support providers participating in Early Learning Florida training.

*Other Technical Assistance*

- Child Screenings and Assessments – Technical Assistance on screening was given to 234 providers. Assistance included reminding providers of screenings due, helping them navigate the on line screening process and following up on results.
- Developmentally Appropriate Curricula and Character Development – providers received technical assistance related to curriculum selection and implementation.

*Annual Discovering the Joy Conference*

- ELCFV held the annual *Discovering the Joy* conference on Saturday, February 20, 2016. A total of 437 provider staff attended the one-day event. The Keynote speaker was Shawn Brown who presented New Millennium Music for the New Millennium Child.

*Other Training*

ELCFV partnered with our local colleges and adult education organizations to offer VPK training including:

- Standards for Four Year Olds
- Phonological Awareness
- How to Administer the VPK Assessment

Many participants in this training also serve School Readiness Children.

*Early Learning Florida*

ELCFV offered seats in Early Learning Florida training to providers not participating in the Performance Funding Project. Participation was as follows:

- Infant Toddler Social Emotional Development – 12 instructors from 2 programs
- Preschool Observation – 8 instructors from 3 programs
- Infant Toddler Learning Environments– 14 instructors from 8 programs
- Instructional Support in Preschool: Quality of Feedback - 9 instructors from 5 programs
- Infant Toddler Family Engagement – 26 instructors from 9 programs

ELCFV shares information about training, face to face or web based, offered by community partners. This includes:

- Face to Face First Aid Training
- Webinars on topics including Age Appropriate Discipline, Health and Safety, Awareness of and Response to Communicable Diseases, Nutrition and Child Abuse Detection offered by Early Childhood Investigations
- Early Childhood Conferences including those sponsored by the Florida Association for the Education of Young Children and the Florida Family Home Child Care Association.

*Conference Scholarships*

ELCFV provided scholarships for two Family Home Child Care Providers to attend the annual Florida Family Home Child Care conference. Scholarships for registration and double occupancy hotel accommodations were awarded to Small Large Family Home Child care and Ayanna Land Family Home Child Care. ELCFV was listed as a sponsor in the conference program.

**Quality Activities for Infant & Toddler Care:**

Provide a description of the quality activities and services the coalition provided to enhance infant and toddler care.

Infant and Toddler care was enhanced through provider participation in the Performance Funding Project. 2 of the Tier 2 participating instructors were from toddler classrooms. 19 of the Tier 1 participating classrooms served toddlers. Instructors in these classrooms completed MMCI training and received Toddler CLASS dimension guides to support improved teacher child interactions in their classrooms.

Open seats in Early Learning Florida training were filled by interested providers. The ELFL course Infant Toddler Family Engagement was offered over the summer.

Training focused on Infant and Toddler care was included in the program at the Discovering the Joy Conference.

**Monitoring:**

Describe the process for monitoring of compliance with, and enforcement of, applicable state and local requirements.

*Grant Compliance and Monitoring*

Each grant identifies a set of deliverables. Each deliverable was calendared and reported to the grantor as required (typically monthly, but at least quarterly as outlined in the particular grant).

ELCFV ensured our deliverables were met, aligned with applicable laws, participated in internal audits and reported data frequently, which ensured that we continuously maintained compliance with all requirements throughout the year. Local grantors provided on site monitoring and ELCFV demonstrated faultless compliance.

*ASQ Monitoring*

When ASQs are required, providers accessed the Enterprise system via the ELCFV website to print paper copies of ASQs for the classroom teacher use. Results are entered upon completion of the questionnaire.

ELCFV uses a spreadsheet to track provider completion of required ASQs. An email reminder is sent to providers in the month that an ASQ is due and the Enterprise system is monitored to ensure receipt. When the provider does not submit the ASQ, ELCFV sends a letter notifying the provider of their non-compliance with the SR Contract and:

- The provider must correct the non-compliance by submitting the ASQ and/or parent permission
- SR funding will be withheld until the ASQ and/or permission was submitted
- The provider's SR contract will be terminated if corrective action required had not been completed within 10 calendar days after the date of the letter

During Fiscal Year 2015 – 2016 no SR contracts were terminated due to failure to administer and submit ASQ screenings.

*Attendance Monitoring*

School Readiness Providers are subject to a desk review of their Attendance Certification Forms (ACF) and Sign in/Out Sheets if they met one or more of the following criteria:

- Provider is included in monthly random selection
- Provider is new to the SR program (monitored during first month SR children are served)
- SR contract was terminated (by either the provider or the coalition)
- In response to a complaint where attendance reporting is questionable
- Unusual attendance patterns, for example; no absences reported for any SR child in a given month
- Provider served more than 40 School Readiness children in a center base program, more than 4 in a Family Home Child Care or more than 6 in a Large Family Home Child Care
- Provider had 1 or more class one and/ or 5 or more class two and/or 3 DCF violations over the last 12 months, or provisional licensure, or license exempt or registered status

Providers were required to submit Sign in/out sheets with ACFs no later than the second business day of the month. ELCFV identified instances where the status reported on the ACF did not match what was reflected on the Sign in/Out sheet and did not reimburse the provider for those children on those dates.

*Provider Compliance Monitoring*

ELCFV monitored the DCF Inspection Reports for Licensed Providers to protect the health and safety of children enrolled in School Readiness Programs.

- Within the first 5 days of each month, ELCFV staff reviewed the DCF Progressive Disciplinary Sanctions Report to identify licensed providers with non-compliance violations during the previous month.

**OEL – 202.80 EARLY LEARNING COALITION ANNUAL REPORT**  
**ATTACHMENT A – COALITION ANNUAL REPORT TEMPLATE**

---

- DCF inspection reports of licensed providers with non-compliance violations during the previous month were reviewed.
- ELCFV provided technical assistance when health and safety issues were identified

*ELCFV implemented the School Readiness Provider Monitoring Tool*

Additional follow up including but not limited to on-site technical assistance was offered as needed by ELCFV staff. Additional Technical Assistance was given as needed in order to correct non-compliance finding. ELCFV staff recorded the follow up activity in the EFS TA Screen.

*Insurance Monitoring*

ELCFV generated a report from EFS each month to identify upcoming insurance expiration dates for School Readiness providers. Each Monday, the report was reviewed and providers received an email reminder of the upcoming expiration date. If providers did not submit proof of renewal, ELCFV sent a letter notifying the provider of their non-compliance with the SR Contract and that:

- The provider must submit proof of renewal
- SR contract will be terminated if a lapse in coverage occurred or if proof of coverage was not provided

**Inclusion:**

Describe the activities the coalition has implemented to promote inclusive child care including responding to Warm-Line requests by providers and parents and providing developmental and health screenings to school readiness program children.

***Working with Families***

- ELCFV continued encouraging parents to complete the child screening portion of the School Readiness application of services prior to appointment via the on-line Ages and Stages Questionnaire (ASQ) Family Access system
- ELCFV uses iPads for parents to complete the screening questionnaire at the time of their appointment if not completed in advance of appointment. The shortened appointment time, allows for mobility and facilitates interaction with children.
  - The above user friendly approach and ELCFV staff facilitated the screening process which contributed to 4,539 completed screenings and a low consent denial rate of approximately 3.1%.
- New data tracking allowed ELCFV to identify the majority (74%) of the “parental denied consent to screen” was due to children having already been identified as having unique needs, were in the process of, or already receiving services.
- ELCFV expanded the community resources list for children with special needs. The listings are available in multiple formats.
- ELCFV streamlined the screening process, in particular data entry, to be more efficient with the two systems - EFS and ASQ on-line.
- In partnership with child care providers and parents/guardians the screening process resulted in 278 referrals for further evaluation.
- ELCFV partnered with the Daytona State School of Nursing to offer hearing and vision screening at child care provider sites which resulted in 31 providers in Flagler and Volusia counties offering hearing and vision screening to children attending their facility.
- ELCFV has partnered with United Way and Help Me Grow to offer screening to any child within our community.

*Working with Providers*

The ELCFV Early Intervention and Inclusion Representative worked improve the ELCFV response to child care providers and parents who reach out for assistance via the Warm Line. The goal of this position continues to be supporting providers as they meet the needs of children with special needs, making their classrooms more inclusive and supporting families as they seek additional services to meet their child’s needs. Motivational interviewing is used to help providers identify ways they can improve their environment and instruction and to help parents take steps towards engaging community resources that may improve outcomes for their child. Other strategies include sharing of resources and guidance through the screening and referral process.

In January, a second Early Intervention and inclusion Representative was hired. With this additional staffing, ELCFV implemented an outreach and capacity building plan with the goal of decreasing the frequency with which children transfer between or are expelled from child care programs.

**Data Summary**

The following information is based on data collected from July 1, 2015- June 30, 2016.

**Number of children served in the school readiness program, by provider type, enumerated by age and eligibility priority category, reported as the number of children served during the month, the average participation throughout the month ([Appendix, Tab D](#))**

<b>Reason for Disenrollment</b>	<b>Number of Children Disenrolled</b>
Child care provider has closed for economic or other business reasons.	10
Child deceased.	3
Child has a duplicate record.	1
Child has exceeded the age-limit for services.	299
Child is no longer residing with the guardian who completed the initial application. New paperwork must be completed by new guardian.	32
Child was determined eligible for services but never enrolled with a child care provider.	5
Client does not show up for redetermination.	219
Client failed to comply with program requirements.	15
Client failed to provide required documentation to maintain eligibility.	147
Client is eligible for services under a different funder (i.e., non funder 1).	1
Client is no longer eligible for services because the family income exceeds the allowable amount for eligibility.	28
Client moved out of the county in which funding is currently provided.	30
Client no longer has a valid purpose for care.	31
Custodian is involved in seasonal work (such as migrant or school district employees) and the child's enrollment is temporarily suspended while custodian is not working.	69
Parent/guardian withdrew child from the program.	95
Provider dropped child from the provider's program.	717
Provider is under investigation for suspected fraud.	2
Provider no longer receiving SR or VPK funds due to noncompliance or low performance.	160
Provider remains open, but no longer provides VPK or SR services.	1
Referral from referring agency has expired.	826
Referring agency has terminated the referral.	133
The program where the child was receiving services changed ownership. The new owner has a new provider record.	8
Transfer from one SR funding source to another (i.e., BG3 to BG8).	9
Transfer to another provider record (even if the second record is owned by the same provider).	8
